

Wednesday, August 7th

All Day

Self-Guided Walking Tours

The tour starts at the Tell City Historical Society Museum (located at the corner of 9th & Franklin Streets). Sponsored by the Tell City Historical Society & the Schreiber Family Charities.

Discover some of the great history of Tell City this year and take an adventure throughout the downtown area, as the Tell City Historical Society will again, proudly present its annual self-guided walking tour. This is a fun, self-guided walking tour, where you and your family will discover informational signs and images outside of various establishments, depicting the long ago but not forgotten history of each location. These signs will be located throughout downtown to include Main Street, 7th, 9th and 10th street and more, during the week of Schweizer Fest!
